

Trademark Lawyers Langley

Trademark Lawyers Langley - Our lawyers are skilled within Intellectual Property Law and can provide recommendation and assistance with intellectual property protection and enforcement with an objective of helping our clients to maximize the value of their intellectual property (IP). As amongst the leading intellectual property practices in this nation, our clients come to us for our sensible recommendation and knowledge in the following IP areas: copyright, licensing and IP transactions; industrial designs and patents; internet domain names and trademarks; IP and technology litigation; trade secrets; IP due diligence in corporate transactions; IP portfolio management; freedom to operate opinions (infringement, validity, patentability); licensing, integration and procurement of software applications; and outsourcing of information systems management services.

We have extensive experience protecting and securing our clients' valuable IP assets. Our group consists of over twenty IP practitioners--lawyers, patent and trade-mark agents, law clerks and scientific consultants--who have degrees in such disciplines as chemistry, mathematics, engineering, physics and biology. A lot of our experts have attained advanced science degrees and strong technical skill, which means they understand our client's IP protection requirements.

Among the world's recognized brands are among our clientele. We advise companies and organizations of all sizes on intellectual property licensing, protection and portfolio management. We likewise represent entrepreneurs and start-ups.

We understand the value of our clients' invention, brands and creative work. Our litigators act on behalf of clients in trade-mark, copyright and patent issues before the Federal Court. We even appear in mediations, arbitrations and litigations about infringement of rights, passing off, contract disputes and misuse of confidential information before Courts of Appeal. Our lawyers even appear before arbitration panels in respect of domain name dispute resolution procedures and before the Trade-marks Opposition Board in respect of opposition and summary expungement proceedings. Our company acted as counsel in several of the biggest information systems management outsourcing transactions within this country.

Our firm's IP Group, is able to gain assistance from the lawyers in different areas of our multidisciplinary law company. We have IP lawyers working with lawyers in commercial, corporate, competition and securities practice fields. Together our group of professionals helps clients with their intellectual property issues, like for instance the protection of intangible assets through registering patents, trade-marks and copyrights; drafting of non-competition and confidentiality agreements; development of strategies for IP protection; and litigation of intellectual property problems. Our Business Law Team helps the IP Team in the representation of both buyers and sellers in mergers, acquisitions and divestitures of IP businesses.

Our IP team likewise specializes in helping clients in legal issues related to marketing and advertising. We advise our clients on issues related to labeling, advertising and packaging. We also help with privacy related matters, regulatory requirements and distribution and franchise agreements.
