Your firm's reputation is maintained and built on its brand, its foundation. Our office knows that a firm's trade-mark is amongst its most-valuable assets. From advertising to product development to package design, a significant amount of resources are invested in protecting and developing a firm's brand.

We offer all assistance connected to trade-marks. We conduct searches in order to make sure that a trade-mark is obtainable for use and registrable. We prosecute and file trade-mark applications. And we actively enforce trade-mark rights versus infringement. Our office can even help with global trade-mark applications via our established worldwide network of trade-mark agents.

We provide trade-mark validity and infringement opinions, and trade-mark registrability searches and availability searches, in addition to providing trade-mark registrations, comprising the prosecution and preparation of trade-mark applications. We also oversee foreign trade-mark applications.

Trade-mark oppositions comprise opposing the registration of confusing trade-marks by various entities and cancellation proceedings of registrations, for non-use or various reasons. When infringement leads to litigation, our trade-mark litigators will represent our clients throughout domain name and infringement disputes.
