

Legal Aid Lawyers Langley

Legal Aid Lawyers Langley - Our Financial Services Team assists clients in issues associated to restructuring, insolvency and finance. Our team members' experience within the financial services trade equips them with the skills and insights to evaluate the requirements of our financial services clients. We have a deep understanding of the documents and structure connecting to transactions, and we have many years of knowledge working in the various businesses and regulatory environment in which our clients operate. We combine technical expertise together with the applicable industry information within industry teams and practice groups to assist each client's specific needs.

Our Banking Group advises and acts for large finance organizations including non-bank lenders, banks and various companies. We have expertise in participations and syndications, asset-based lending and secured transactions, as well as different kinds of commercial finance, including subordinated debt, mezzanine, film and private equity financings within the United States and Canada. We are mostly known for our work with alternative and secured financing. We have developed exceptional relations in the lending community, which allows us to help corporate clients to secure financing from the most appropriate lender.

The different kinds of financing transactions we implement for our clients includes project financings, multi-currency loans, syndicated and cross-border loans, letter of credit facilities, acquisition facilities, asset based lending, venture capital financings and real estate financings. Our experts will document and structure bulk lease financing facilities pursuant to which lenders finance portfolios of equipment leases. We even develop the off-balance sheet financing of energy retrofits of public and private buildings. Our assistance comprise structuring and documenting on- and off- balance sheet financings consisting of sales of receivables, conditional sale agreements, equipment lease, non-rated asset securitization and leverage buyouts. We advise clients with respect to lenders' standard form documentation and lending policies and procedures.

We provide suggestion concerning innovative risk management techniques involving financial derivatives, and by working directly together with our Tax Law Team, we act on behalf of financial institutions in their offshore and domestic investment activities also.

Our experienced litigators likewise give services within the various fields of insolvency law to a host of financial institutions, trade creditors, debtors, debtor-in-possession lenders, liquidators, receivers and trustees. We help with reorganizations, proposals, receiverships, restructurings, workouts, bankruptcies, enforcements and liquidations.

In order to help enhance recoveries and to minimize the effect of insolvency upon the interest of stakeholders, our litigators would develop comprehensive methods.

We help senior and subordinated borrowers, investors and lenders with the implementation and structuring of debt workout arrangements. By providing innovative transactional advice, specifically with respect to out-of-court restructurings and the sale and purchase of insolvent businesses, we are an effective addition to management teams.
